As we leaf through the pages of this yearbook, we are reminded of the countless connections that have woven the fabric of our high school experience. Whether it's the bonds formed in advisory sessions, the harmonious melodies resonating from the orchestra pit, the shared triumphs on the athletic fields, or the collaborative spirit in the computer lab, every corner of our school brims with connections waiting to be made. Yet, amidst the diversity of our pursuits and passions, one truth remains constant: the essence of making memories lies in the connections we forge. As we capture these moments frozen in time, we extend our deepest gratitude to every student, teacher, staff member, and volunteer whose dedication and enthusiasm have breathed life into this yearbook. Thank you for being part of the tapestry of connections that make our school community truly extraordinary.

The Yearbook Staff

Nick Kapotsis (Tech)

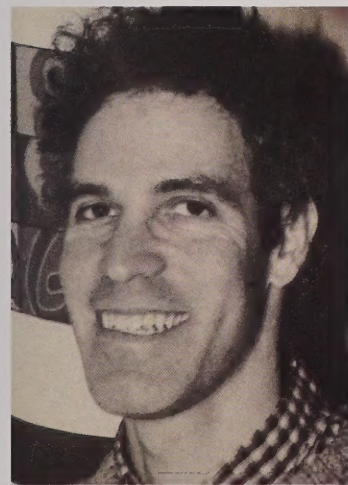

In our yearbook tribute, we honor Nick Kapotsis, an unsung hero of our tech department. His calm demeanor and boundless patience have made him the go-to helper in moments of teacher panic when technology fails to cooperate. Though his presence may not be as visible to students on a daily basis, his contributions are felt throughout the school community. As a vital

member of the tech team, Nick plays a pivotal role in ensuring seamless internet access and functional hardware/software, granting students the freedom to explore educational resources and, let's be honest, indulge in a few forbidden apps on their phones and iPads. While his work may often go unnoticed, Nick's impact is undeniable, as he quietly but diligently enables our school's technological infrastructure to thrive.

Larry Sheinfeld (Art)

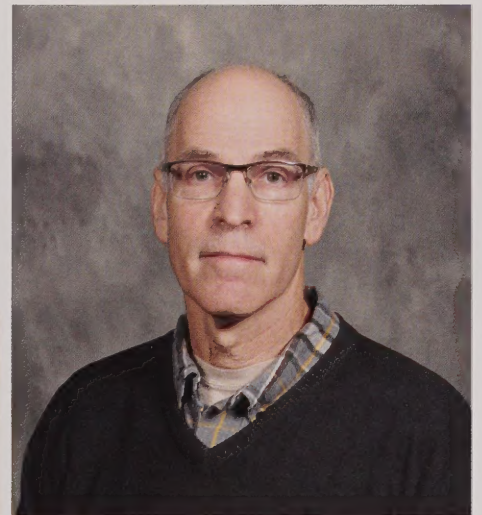

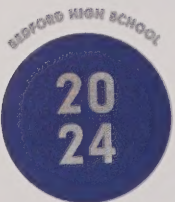

In the pages of our yearbook, we celebrate the indelible presence of Larry Sheinfeld, a cornerstone of our school's art department since 1994. Even those who haven't had the privilege of being in his classroom know him well, as he's become a beloved fixture in lower A wing. Every faculty member counts on his unwavering commitment, active participation in faculty meetings, and willingness to be a pitcher in the faculty softball game. As one of the first to come and last to leave each day, his car, adorned with a massive kayak, seems like a permanent fixture in the faculty parking lot. For three decades, he's been more than a teacher; he's been a conduit, forging connections among colleagues and students alike. From overseeing the Senior Project to fostering meaningful learning experiences, Mr. Sheinfeld's genuine care for student growth has left an indelible mark on our school's legacy. For the over six thousand students and staff who

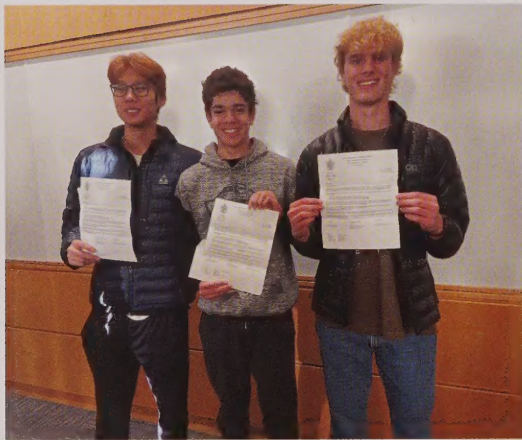

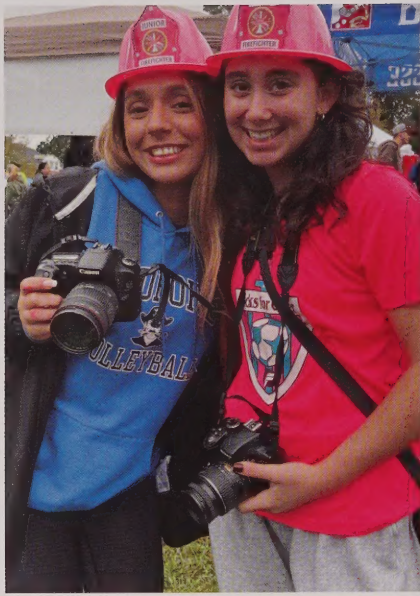

have passed through the halls at BHS in the last 30 years, Mr. Sheinfeld is a teacher who connects us all!

As we walk through the halls at BHS, we weave amongst our school family. In that mix, we have siblings bound by a shared history of laughter, squabbles, and endless memories. Through the playful teasing and occasional disagreements, they've forged an unbreakable bond that stands as a testament to the enduring connection that only siblings truly understand. From late-night talks to playful rivalries, they have created a bond that time nor distance can diminish. While the younger sibling(s) might not have to share a bathroom or bedroom anymore, they will always share the stories and be their sibling's biggest fan!

BHS Legacies Generations

In addition to the siblings that fill our building, this page is a tribute to the legacy bearers of BHS, a special group of students whose family ties to our school transcend generations. Some parents first locked eyes in the same hallways where their kids now navigate the maze of lockers and laughter. These legacy students aren't just part of the BHS family; they are walking, talking chapters of its history. As these graduates choose not to just leave but to plant their own roots in our town, it's clear that BHS isn't just a school; it's a cherished family tradition that stands the test of time. These students connect us all to the stories and past adventures of BHS. Cheers to the families who continue to make BHS not just a school but a lifelong home!

Chauncey Williams '17 & current Lane School METCO Coordinator led his Phi Beta Sigma (a historically African-American college fraternity) brothers in a step performance.

Mrs. Parker's family was in attendance to celebrate her legacy in Bedford and the positive impact she had on thousands of students Bedford Public Schools students, no matter what town they lived in. Her granddaughter, Ayesha Thomas, is now an educational assistant at Davis School.

Gemema Murchison '86, Teresa Meuse '86, & Rev. Clarence Powell '89 returned to visit and represented some of the first students to attend BPS through METCO.

The METCO program stands as a powerful bridge between the communities of Bedford and Boston, celebrating its remarkable 50-year legacy of unity and opportunity. This milestone year not only marked five decades of fostering connections but also honored the extraordinary dedication of Irene Parker, who served as the program's legendary director from 1975 to 2000. As a testament to her enduring impact, the school committee unanimously voted to name the foyer after Mrs. Parker, a fitting tribute to her tireless advocacy for educational equity. Under the theme "embracing our future by honoring our past," METCO alumni, now integral members of the community, returned to share their stories of success and empowerment. Some alumni have even come full circle, with their own children now enrolled in the schools, symbolizing the program's enduring legacy. At the heart of the 50th celebration was a soulful gathering, where Bedford alumni contributed not just their talents as caterers, dancers, organizers, and DJ but also their passion for preserving the spirit of community and inclusivity that defines METCO.

Hanscom

AIR
FORCE
BASE

Mr. DeChellis and Superintendent Chuang joined families on Hanscom Air Force Base to celebrate the The Annual Fall Harvest hosted by Hunt Housing.

Bedford High School students living on Hanscom Air Force Base bring a unique and valuable perspective to our community, enriching BHS and expanding our global connections. As global citizens, they embody resilience, flexibility, and adaptability, serving alongside their active-duty parents and relocating every couple of years. Their experiences of living in various parts of the world contribute to a deeper understanding of different cultures and perspectives among their peers. Their presence not only strengthens our community but also serves as an inspiration to all, reminding us of the importance of embracing change and diversity.

The diverse array of cultures at BHS enriches our community, creating connections that extend far beyond our town's or even state's borders. For many students, BHS serves as their introduction to the American school system, where they bring with them a kaleidoscope of experiences and traditions. Among our newest arrivals are students hailing from Haiti, with roots stretching across South America, infusing our halls with the rhythms of Creole, Spanish, Portuguese, and now English. Their diverse linguistic prowess adds a layer to Bedford's cultural mosaic, fostering an environment of mutual learning and understanding. Additionally, we proudly welcome students from countries such as Switzerland, Germany, and Portugal, each adding their unique perspectives and customs to our community. Blending cultures in the classrooms, on athletic fields, on the stage, and in the halls allows us to celebrate diversity. BHS thrives as a global hub of learning, where every voice is valued, and every story contributes to the rich fabric of our community.

"I've cherished the connections I've made at Bedford High School, especially through my involvement in the soccer and ski teams. I'm immensely grateful to everyone for their warm welcome and for making my time here truly unforgettable." .

COMMUNITY DAY

Community Day at our high school is an eagerly anticipated tradition, held on the eve of the holiday break, where advisories come together for a day of spirited competition and camaraderie. This year's activities provided excitement and creativity, featuring pumpkin and door decorating challenges, an intense Pictionary showdown, and a thrilling three-point basketball contest. Students tested their agility and teamwork on the obstacle course, demonstrated their dexterity in cup stacking, and unleashed their artistic flair with handcrafted turkey creations. Wordle enthusiasts faced off, while trivia buffs put their knowledge to the test. Through these friendly competitions, students not only showcased their skills but also strengthened their advisory bonds.

Step into the school gym, where the Senior Class hosted the 2023 Homecoming. With the beat dropping and the lights pulsing, the DJ spun tracks that set the gym ablaze with energy. The ARTS

Student art serves as a colorful thread that connects students in ways beyond words. Whether it's through brush strokes on a canvas, notes in a melody, or the graceful movements of dance, art provides a universal language that transcends barriers and unites hearts. It sparks conversations, fosters empathy, and cultivates understanding, allowing students to express their individuality while finding common ground with their peers. In galleries, performances, and shared creative spaces, students discover the power of art to bridge differences and celebrate the beauty of diversity, forming bonds that last a lifetime.

In the vibrant realm of digital art, painting, drawing, ceramics, and studio arts converge to create a dynamic playground where students explore boundless creativity and forge meaningful connections. Through pixels, brushes, and sculpting tools, kids embark on a journey of self-expression, unleashing their imaginations in virtual landscapes and tactile mediums alike. Whether collaborating on digital canvases or molding clay into intricate forms, these artistic endeavors foster collaboration, problem-solving, and mutual appreciation for each other's unique perspectives.

SENIOR THANKS

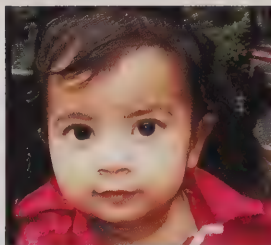

Alexander Mattson

Thanks to my Parents for supporting me in all of my endeavors, thank you to my Brother, thanks to my friends for being there for me and all of the memories, thanks to the Marching Band for all of the fun at games and late night rehearsals, Thanks to the Stage Crew for the great shows, thanks to the MA-79 1st AFJROTC for all of the funny memories. It would be criminal not to thank my Learning Center teacher Mrs. Toomey, you kept me on track and organized, I would not have made it through High School without you. To the Class of 2024, may those who love us love us, and for those who hate us may God turn their hearts, and if he can't turn their hearts, may he turn their ankles, so we may know them by their limping. We made it!

Katie Desaulniers

I haven't been at Bedford long, but I've had the best time here. This school is truly amazing and I'm so grateful to have spent my last two years of high school here. First, I want to thank my parents for always being there for me no matter what and supporting me in all my endeavors. I never would have made it this far without them. Also, to my younger brother. Although we may fight, he's always there to support me. Thank you to all the amazing teachers I've had the last few years and especially thank you to Mr. Dechellis for making my move here so much easier and always offering a helping hand when I needed it. Finally, thank you to all my friends who have supported me and helped me throughout my short time here. I'm so thankful for everything I've learned and the connections I've made.

Jasleen Kaur

High school was definitely an unforgettable experience, with its highs and lows. Through it all, I had an amazing support system. I would like to thank my family, specifically my mom, for always being there and encouraging me. You helped me get through my lowest times and were always there when I achieved my milestones. I would also like to thank all my friends (Jackie) whom I have built such strong relationships with and have become like family. I would not have made it through high school without you. I would like to thank my teachers for teaching me new things and shaping me into who I am. From the bottom of my heart, I am grateful and thankful to all the amazing people in my life who will continue to be a part of my journey.

Kaylyn Sethakosee

I would like to thank my family, friends and teachers for helping me through these four years. Thank you to Ms. Heldman, Ms. Kane, Ms. Thyne, and my amazing coaches for guiding me, especially under pressure. After all, pressure forms crystals, and from there, diamonds, but since the stress and performance curve is only a normal curve, it is important to chill and keep things fun. Thank you to Christina for always being there, to Riya for asking caring questions, to Maya for answering my questionable questions, to Healy for being honest, and to Shreya for the can-do attitude. Finally, I do not yet know how to thank Mom and Dad for all that you do, but in the meantime, thank you for supporting me as much as possible.

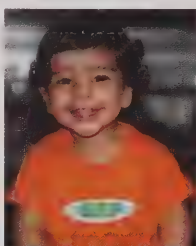

Aleksandr Ryabinkin

First off, and most importantly, I'd like to thank my parents for always pushing me to be the best version of myself I could be. I know it's cliché, but I don't know where I would be without them. Also, I want to give a shout-out to Mr. Alperin and Joe Tocci. Thank you for helping me through some of the roughest periods of my life; I owe my future to you guys. Finally, I'd also like to express my gratitude to my friends for everything they've helped me through and for all the memories I've been blessed with because of them. These past four years have been stressful, and while I'm aware that we've all faced our own challenges, I'll never forget how you've supported me with mine. Whether it was Football Fridays or the Roblox lobbies that started it all, I've cherished every moment.

Samuel Zhao

When I first entered the Bedford School System as an eighth grader on December 2019 I was nervous and excited. I had just left behind a social web of friends, enemies and in-betweens and I was nervous. What if no one liked me? What if no one wanted to be my friend? In the four years I've been here, I've made friends, enemies, in between and I would like to thank everyone who made it possible.

Pranay Shah

I'd like to begin by thanking my family for their unwavering love and encouragement throughout the years, your belief in me has been my foundation. I appreciate everything you've done for me more than I can say. To my friends, who've always been there to support me and make my high school years the best they could be. And to my teachers, whose dedication to helping me learn has prepared me for the next chapter of my life.

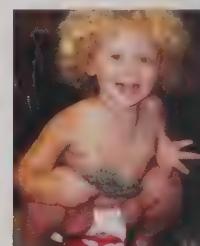

Tobias Favalora

I would like to thank my siblings for lighting my day when I got home from school with their optimism and energy. I would like to thank my friends for being there everyday and for adding excitement and entertainment to school. I would like to thank my teachers for being so passionate and assessable. Most importantly, I would like to thank my parents for encouraging me to put in my full effort and for being so supportive.

Carter Rauch

Thank you Mr. Wickham, Ms. Hansel, and Ms. Heldman, for being amazing science teachers, and inspiring me to pursue my interests. Thank you Mr. Sprangel and Ms. Faulkner for making me enjoy math more than I thought I would. Thank you Mr. Donnelly for being a great econ teacher, coach, and mentor. Thank you to my parents and family for always being there for me and supporting me.

Julian Infante

I would like to thank my Mom for supporting me and working so hard for me to succeed. You are the strongest person I know who is willing to help and support anyone who needs it and achieve it. We've been through a lot but don't let the past way you down and focus on the future and its opportunities. I couldn't have made it this far without you, thank you for everything you do for me and I love you.

Maya Pillai

First, thank you to my parents, to whom I owe everything. I'm so grateful to have grown up with the best possible role models. To my sister, Aria, thank you for being my best friend and for making me laugh at the end of every long day. To all my teachers, I'm so lucky to have been your student. Thank you especially to Ms. Billouin, Mr. Sprangel, Mr. Niven, and Mr. Hagan for being some of the most caring, supportive, and kind people I have gotten to learn from. Special shoutout to Ms. Galante and Mr. Casey for the best advisory ever. And to my friends, thank you for helping me be the person I am today and all the amazing memories included. There is no group of people I would have rather grown up with. It's been a great 4 years!

Ava Derderian

I would like to start by thanking my family for supporting me unconditionally throughout these past four years at BHS. Through every game, performance, stressful project or test, you guys have been nothing short of incredible. You have encouraged me to be the best version of myself as a student and as a person, and I could not have asked for a better support system. To my friends, thank you for being a listening ear, for all the laughs we have shared, and for the great memories we have made together. Additionally, I would like to thank my teachers; specifically Ms. Faulstich for not only being a great teacher but an even better role model. You have challenged me to work hard and learn things that may not be easy at first, and for that I am very grateful. Bless up.

Elena Protasowicki

I'd first like to thank my family, friends, and teachers for supporting me so much throughout my life so far. I couldn't have done anything without you, and I credit you for all that I've achieved and for who I am today. Thank you Mrs. Rosecan for being the best advisor I could have asked for and helping us run Relay for Life, and thank you Ms. Septembre for all of your guidance with the college process and for answering my bottomless questions. Also, shout-out to Coach Hebert, Coach Donnelly and all of my teammates for making distance running not just bearable, but the favorite part of my day! I'll miss my BHS cross-country and track family so much, maybe as much as I'll miss the hills. :) I've had an unforgettable time here, and I'll cherish all the memories, learning experiences, and friendships I've made. Goodbye BHS, it's been real!

Andrew Lum

From kindergarten to 12th Grade, I would like to thank all of my teachers who put so much dedication into educating, supporting, mentoring, and motivating me. They have instilled in me academic passions, extracurricular interests, and important life lessons that I will carry with me after high school. In addition, I would like to thank my friends for being a source of fun, laughter, silliness, teamwork, and encouragement, from group projects to school musicals. Most importantly, I would like to thank my parents: they are my foundation, celebrating my accomplishments and working through my challenges. They have made so many sacrifices to provide the best for me, and they love me unconditionally. I have been blessed to have such a strong community of teachers, friends, and family who have walked with me over the past 13 years. Thank you!

Jasmine Werner

It's finally over. Whenever I was stressed about a test or homework assignment, I was wishing for this moment, but now that it's here, I can't help but feel nostalgic for the good old days. I'm incredibly grateful for all of my friends, new and old. You helped motivate me and made the past four years a blast. I'll miss you guys. To my teachers (the good ones), thank you for your wisdom and knowledge. It's not easy to make a class fun and engaging, but most of you actually pulled it off. Lastly, I wouldn't be the person I am today without my family. Mom, Dad, Kate, Mike, thanks for being there. I couldn't have done it without your support. Goodbye, BHS. It wasn't always easy, but I built a lot of character.

Darian Aviles

I want to say thank you to Mrs. Toomey for helping me through the thick and thin and always being there for me. I'll never forget her. I also want to give a big hanks to Mrs. Wipf even though I didn't have a lot of classes with her she still helped me a lot. Also Coach McLaughlin aka "AM" he helps me a lot with football even when I don't want to be there he always talks to me and gets me through it and I built a great relationship with him over the season and year. I also built a pretty good relationship with Coach Pie even though I just met him he helps me with a lot too. Finally the biggest thank you to my family helping me and sacrificing a lot for me especially my mom and grandfather. "Forever we ball!"

Ryan Touri

I want to thank Mrs. Murphy, Ms. Barrett, and Mrs. Bitman because they were all there to push me when no one else did and I wouldn't have been the person I am today without them.

I greatly appreciate everything you guys have done for me, and I couldn't ask for better parents. Thank you to my friends, who've made my life so enjoyable and shared so many memorable moments with me. And to all of the teachers I've had, thank you for giving me the opportunity to succeed academically, and helping me become the person that I am today. And a special thanks to my fellow Italian Mr. Berlino, for being a great person to talk to and cracking the best jokes in advisory. Thank you BHS for a wonderful experience, and good luck to everyone in the class of 2024.

Klara Stevens

I would like to thank everyone who has made my highschool experience so wonderful. Thank you to my parents, who have been with me every step of the way. I don't know where I'd be without you. Thank you Matthew, you have made me such a patient person these past fifteen years. Thank you to my teachers, who were always so willing to help and offer advice, especially Mr. Sprangel and Mrs. Billouin. I am so grateful that I was put into your classes, they were always my favorite part of the day. And to my friends, you are all amazing. I don't think I would have been able to do it without you. Thank you for making highschool so unforgettable and enjoyable. I am going to miss you all so much. It's been a good four years :)

Ezgi Yener

I would like to start off by thanking my loving parents, Serra and Doruk, for all the encouragement and support they have given me throughout my life. I would not be the person I am today without them. I would also like to thank them for their patience and understanding, especially with my busy schedule. Big shoutout to my little brother, Batu, for making everyday entertaining and always filling my days with laughter, even though sometimes he can be annoying. Thank you to my extended family in Turkey for all the amazing life advice and for always being by my side no matter the distance. Finally I would like to thank my best friends, who have been there for me since day one, and for always making sure I have a smile on my face no matter what mood I am in.

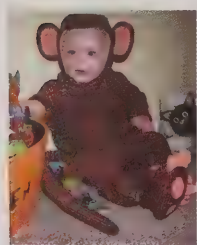

Jacqueline Cutrona

First of all, a big thank you to my parents for supporting me; even when I was stressed out, you were patient (plus you were willing to put up with all of the college paperwork). Next, thank you to my sister for all of the morning drives and midnight rant-sessions. I'll miss going to Starbucks with you when we're procrastinating. Thank you to my dog for driving me crazy, then to my friends for the late night phone calls, movie-watching, sleepovers, impromptu hair dying, and afternoons spent wandering about town. Finally, thank you to my crews: my life would have been so different without your (generally sarcastic) humor, spontaneous dance-parties, games/traditions, and pre-show trauma bonding. You've all made me into the person I am today and I love you all so much.

Shannon Sullivan

Thank you to all the teachers who have supported me throughout my time at BHS, with a special thanks to Ms. Faulstich and Ms. Creamer for always providing a very welcoming space and encouraging me to not be afraid to be myself. To my incredible friends, thank you for making the past four years special. Last but not least, I would like to thank my dad, my brother, and my mom (Ms. K. Sullivan). I will never get tired of people telling me we look exactly alike and the comments about how we must be sisters. Thank you for supporting me and cheering me on at all my performances. I dedicate this thanks to my family. Throughout my seventeen years of living, they have given me more love than words can describe. Thank you to my mommy and daddy for believing in me when I didn't and shaping me into who I am today. You both have taught me so much and encouraged me to persevere. To my sister, Abigail, thank you for always being there for me and helping me with everything I needed to learn about the world. You always convinced me everything would be okay when I freaked out. To my brother, Gilbert, thank you for teaching me to play sports for all four high school years, so I wouldn't look weird in PE. You are the best siblings I could ever ask for. I love you all so much.

Julia Ke

I am grateful to my parents for supporting every step I have taken in my life. My mom is the true believer of my talents and helps greatly with almost any difficulties that I have had. My younger sister is my biggest cheerleader. The love and care from my family will always be with me. I am also grateful to have met many great teachers. My special thanks go to both my AP Physics teachers, Mr. Wickham and Ms. Hansel, who have inspired my interest in engineering, and Ms. Flannery who makes French so much fun to learn. Last but not least, I appreciate all my dear friends who keep me going through hard times and share amazing moments with me. Bedford High, I am going to miss you all!

Domenic Giusti

To start this off I want to do the obvious and thank my parents. Without their help I would have probably failed half of my classes and I wouldn't be the person I am today. Next I would like to thank my friends. School and just life in general would be unbearable without them and I know I would not have been able to do it had I not met their support. Finally, I would like to thank my teachers. Even though I have a constant habit of reading on my phone at every chance I get, they were able to deal with me despite that, and for that I am thankful. School has presented many challenges for me over the years and while I am happy to move on to what I will do next, the years I spent here are something that I will never forget.

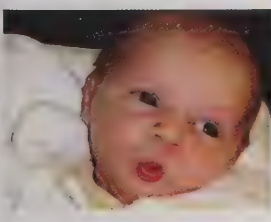

Grace Holland

I would like to thank all of the people that I helped me get to where I am today. Thank you to Mum and Dad, who have been with me every moment when I need help, laughter, and advice. I can't imagine my life without you both. Thank you to my sister Faith, you have brought so much joy into my life every single day. Thank you to my dog Daisy, for always staying by my side. Thank you to all of my teachers, specifically those who have been so patient and kind with me and have brought so much fun to school. Thank you to all my friends, for all of the memories, I can't wait to make more. It's been a good four years ;)

First of all, I'd like to thank my parents. Thank you for all the support you've given me these past seventeen years. I know I've been a nudge sometimes, and probably didn't listen to you as much as I should have, but through thick and thin you provided me with all the help I could ever ask for and so much more. You guys have been the two best parents any kid could ever ask for, and I love you with all my heart. I'd also like to thank my friends. My school career wouldn't be the same if it wasn't for you guys, and I definitely wouldn't have pushed through as much if it wasn't for you. I also want to thank my friends for being there to make me laugh and who are always down for a good time. I will always remember the good memories we made together. Next, I want to thank the Bedford High School Varsity Soccer and Tennis team. These teams will always have a place in my heart. They gave me a place to make mistakes and improve myself every day and I am grateful for that. The bond with my teammates is unlike anything else and I hope to keep these friendships for a long time.

I am incredibly lucky to have spent the last four years at a school filled with such kind, devoted, and talented people. First of all, thank you to all of my friends who played football with me on Fish Fridays and ate many dishes of Tony C's buffalo chicken mac and cheese with me afterwards. To all my teachers, thank you for going above and beyond and caring about me as a student and as a person — thanks especially to Ms. Faulstich and the theater program, for helping me grow as a musician and a performer and for being the most positive and supportive people I may ever know. Addison Floyd

First, I would like to thank my parents and my family! My high school experience started at Osan Air Base in Korea and finished at Bedford. The path was challenging, but my family helped me get through it. I would also like to thank Kaylee, Egg, and Jane. I can't picture high school without them, and they were always there for me. I also want to thank Ammie and my friends from middle school in Virginia, who gave me courage to conquer battles I would later face. Finally, I want to thank my teachers for their patience and encouragement. From South Korea to Bedford, I have had an amazing support system. I will always think of Dr. Bradley, who reminded us to "Do the Right Thing," even when no is watching. Thank you all for helping me have successful years in high school and for all the memories!

Keira Dougherty

I want to start by thanking my parents and my older brother for consistently motivating me to persevere, no matter how challenging things became. Mom, you're not only my biggest supporter but also my best friend, and I'm truly grateful to have you by my side. Dad, your unwavering love and the wonderful childhood filled with beautiful adventures will forever be cherished. Casey, you may be the most annoying and hilarious person I know, but you've always been there to support me. To my friends at BHS, you've made my time here enjoyable with countless wonderful memories, and I can't wait to build more once we leave this school. Mr. Dechellis, for encouraging me to keep moving forward and for being a listening ear through thick and thin. I'm excited for the next chapter in my life! I love you all so much! Yay!

Ryan McWalter

It's crazy to think that this is where we are after that "2 week shutdown" in 8th grade. It's been a whirlwind of experiences, but as I walk away from BHS, I can honestly say that it has been nothing but welcoming in my four years here. From the warm hearted attitudes and sentiments brought by all of my teachers, or the consistent reassurance from my parents, I've only felt supported. My long standing friendships deepened throughout high school, and I've surrounded myself with the people that I know I want to be in my life forever. I truly cannot wait to walk across the stage at graduation to take the next step in my life, but I always will keep a soft spot for BHS and the memories I've made here, and how it's shaped me into who I am today. And that's all, folks!

I would like to give my thanks to everyone who was able to tolerate me: my parents, my friends, my teachers. Although I am certifiably awesome, there are times when I was "mad going through it." Thanks for toughing it out. In the wise words of one Richard Estes, "I once heard a story about a boat. The point is, don't buy a boat—find a friend who has a boat—use his boat. Everyone wins." I would like to thank my mother for supporting me despite each challenge. Through each issue, she overstressed herself more than me and went the extra mile to help. As moms do, she constantly prayed for my success. My Dad, more like my best friend - always there through thick-and-thin! He believed in me, knew my capabilities, he counseled me, and got me to excel in my studies. He encouraged me to be more social and outgoing so that I could experience childhood like his. My little brother Zaydaan, the best little brother ever in the universe! I love him dearly. He is my polar opposite and I recognize that his magnetic personality, his smile, are truly charming and heartwarming. He is a better dancer! I have been blessed with amazing teachers & friends who've always supported & appreciated my uniqueness! I thank BHS for its profound impact on my life!

Cate Galante

Thank you to all of my friends who supported me and stuck by my side. I appreciate all the laughs and good times- you know that I love you all. To my Mom and Dad- I love you both so much. Thank you for all the late night rides, enthusiastic applause, walks, and our family dinners. I have great childhood memories from the seemingly small moments. You also taught and showed me the importance of kindness, empathy, authenticity, and just being a good person. For that, I am eternally grateful. Joe- believe in yourself and enjoy high school. It goes by faster than you think.

This senior class is pretty special- I'll never forget the memories we've made together. Prez, out.

Thank you to everyone I've had the pleasure of being around and spending time with for all these years. You are what make my days so memorable. And thank you to all the adults who have impacted my life, from those who have supported me for 4+ years inside and outside the classroom, to those who simply exchange waves and smiles with me in the hallways. You have provided me with such fulfilling experiences and opportunities I will never forget. Whether you know it or not, you are all ICONS. I will miss you all dearly. Thank you BHS.

Ava Lee Derderian

To our kind, hilarious, independent, strong, musical, brilliant, resilient, wonderful Ava (a.k.a. Ava Lee, Aves, Avey Gravy, Gravy boat, Dolly, Sissy, Chiquita) as you graduate high school: On the picture-perfect September day you were born, every nurse & doctor in the hospital commented on how wide awake, alert, curious, & "ready to take on the world!" you appeared. Eighteen years later, that's never once wavered. Whether you're on stage at a dance recital (the only brave red leotard in a sea of white ones), enthusiastically performing in a musical, singing your heart out with your band, being a fierce and competitive #22 on your field hockey team, tickling the ivories of any piano whose keys have been lucky enough to feel the rhythmic weight your fingers, creatively writing your own music, or strumming a few familiar 80's chords on guitar, that wide-awake, curious, inquisitive energy has carried you far & served you well since day one. Never, ever lose that!

There isn't a dream you can't conquer or a goal you can't achieve when you put your mind to it, and we can't wait to watch this next beautiful chapter of life unfold fueled by that same tenacious spirit. Always remember to "go your own way" and be bold with those 'five seconds of brave' anytime the opportunity presents itself. We all know you'll "sail through the changin' ocean tides & handle the seasons of (your) life" with grace and agility, and we'll be here cheering you on with tremendous pride & admiration every step of the way. It's time to blow this popsicle stand, kiddo. This town may be small but the world is BIG out there- and it's waiting for you. Go get it, Dolly! We love you so much!

Congratulations

Students and staff of the 2023-2024 school year,
for all of our achievements,
from VARSITY YEARBOOK, and Pam True Szaro.

It has been our honor to partner with Bedford High School
and yearbook adviser, Ms. Christine Lenox, with the yearbook
staff to create this yearbook.

Though perfect yearbooks are rare - we hope you will
appreciate the people who dedicated hundreds of hours to
record the memories of this school year. Please celebrate the
accomplishments, and remember to thank all those who
helped you along the way!

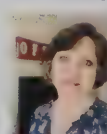

To Be Successful:

"Those who do their chores and keep their living space tidier tend to make more money," writes Bell. "For example, those who make their bed in the morning are up to 206.8 percent more likely to be millionaires." It puts your mind into a productive mindset, he explains.

Author Charles Duhigg calls it a "keystone habit" in his bestseller, "The Power of Habit": "Making your bed every morning is correlated with better productivity, a greater sense of well-being, and stronger skills at sticking with a budget."

BUBBLE WRAP FOR YOUR BRAIN

NFL APPROVED
CONCUSSION-REDUCING
HELMETS FOR PLAYERS

FOOTBALL is often considered one of the most dangerous sports to play due to the contact players can take to their heads. According to the University of Pittsburgh, about 300,000 concussions are estimated to be caused by football — among the 1.7 to 3 million sports-related concussions yearly. Wanting to prevent injuries to players of all ages, VICIS, a helmet company, created anti-concussion helmets that use deformable outer shells to help absorb the impact of a collision. VICIS helmets lead the industry in protective headgear, supplying helmets to players of all ages, including all 32 NFL teams.

TEAMS AND LEAGUES BID FAREWELL TO MEMBERS AND WELCOME IN NEW ADDITIONS

SHOHEI OHTANI officially became a Los Angeles Dodger on Dec. 12, after signing a 10-year deal worth more than \$700 million. Ohtani also won the 2023 Associated Press Athlete of the Year, making him a two-time winner, beating out soccer star Lionel Messi and top tennis player Novak Djokovic.

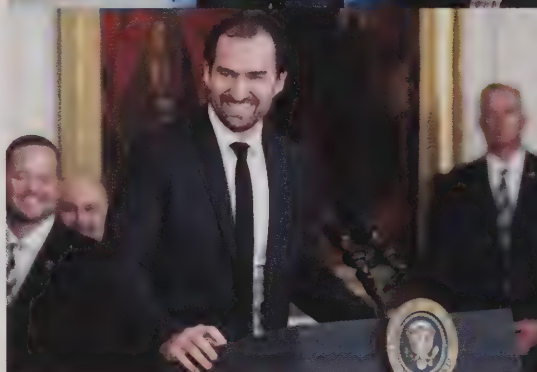

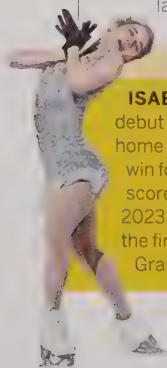

LIONEL MESSI joined Florida's Inter Miami CF in July 2023 after his time with Paris Saint-Germain. He signed a two-and-a-half year contract that guarantees a total of \$20.4 million by the end of the 2023 soccer season.

CARMELO ANTHONY announced his retirement from basketball after 19 years in the game. Anthony is known for playing for the Nuggets, Knicks, OKC Thunder, Rockets and Blazers before his last run with the Lakers from 2021 to 2022.

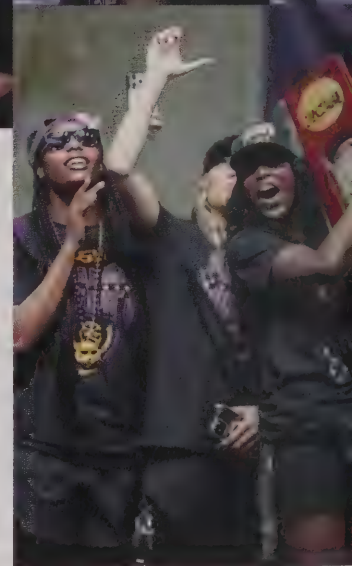

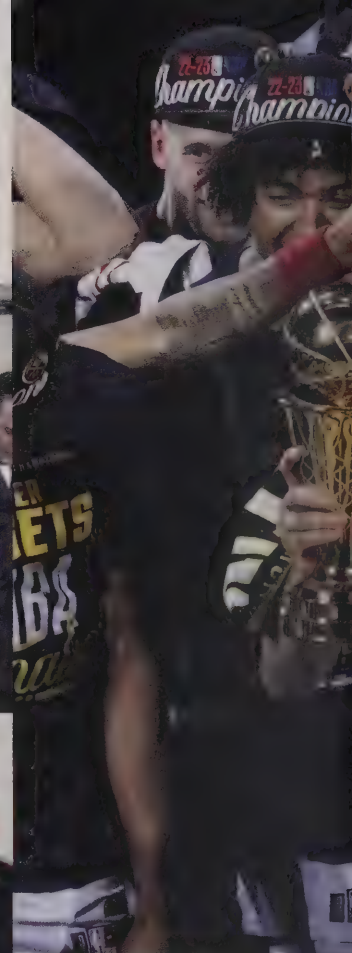

ALI KREIGER, women's soccer star and most recent captain of Gotham FC, won her final game in November. This was her first year playing for Gotham and the last of her professional career. It ended with a big win at the National Women's Soccer League Championship, after the team took last place the year before.

OKAY, WE SEE YOU

ISABEAU LEVITO made her Grand Prix debut at Skate America where she took home silver then followed it up with a big win for the U.S. in France. The 16-year-old scored an overall 203.22 points at the 2023 Grand Prix de France, making her the first U.S. female figure skater to win a Grand Prix since 2016.

WELCOME HOME. The Los Angeles Dodgers caught the biggest and most valuable fish in the sea when they signed Shohei Ohtani on Dec. 12. When he joined the team, his usual number, 17, was already in use by teammate Joe Kelly who gladly gave it up when his wife offered the number to draw Ohtani to the Dodgers. The kind gesture by the couple proved successful. And to show his thanks, Ohtani gifted Kelly's wife a Porsche. **JACKPOT!** Las Vegas Golden Knights captain Mark Stone shared a few words of congratulations and thanks to his team at the White House following their big win at the Stanley Cup Championship. This was the first time the Nevada team claimed the Stanley Cup and their sixth season in the National Hockey League. The Golden Knights' win, led by player Jonathan Marchessault in the playoffs, made them the youngest team to win the Cup since the NHL expansion in 1967.

OPEN TO ANY CHALLENGE

COCO GAUFF AND NOVAK DJOKOVIC dominated the court at the U.S. Open as winners of the tennis championship. At only 19, Gauff rose to the top of the tennis realm, ranked as number one in the world. Beside her in the men's division, Djokovic also took the top ranking and won his 24th Grand Slam singles title. This puts him above Serena Williams in the number of wins with one more needed to make him the record holder for both men's and women's singles division.

FIRST DRIVER to win three races in one country in a single campaign.

HIGHEST PERCENTAGE EVER for leading laps at 75.06 percent.

THE DENVER NUGGETS made history, winning their first NBA Championship title for the team on June 12. They took home the big win in a grueling finals game against the Miami Heat with star player Nikola Jokic leading the push. Jokic powered through the game, scoring 28 points and 16 rebounds, and was later named the NBA Finals Most Valuable Player. **PUT THIS IN THE BOOKS.** The women's basketball team at Louisiana State University scored their first title in program history against Iowa in the 2023 Women's National Championship April 2. Not only did they win, but they broke the record for the most points scored in a women's championship game, scoring 102 to beat the record of 97 set in 1986. The Tigers showed off a potent offense that was more than enough to overpower the intensity of the Hawkeyes.

RÍO NEGRO STREAM FROG

A.K.A. *Hyloscirtus tolkien*, was discovered in the streams of the Andes Mountains in 2023. The scientific name may sound familiar as this frog was named after "The Lord of the Rings" author J.R.R. Tolkien because its colors and patterns resemble those of the fantasies and stories Tolkien paints for his readers.

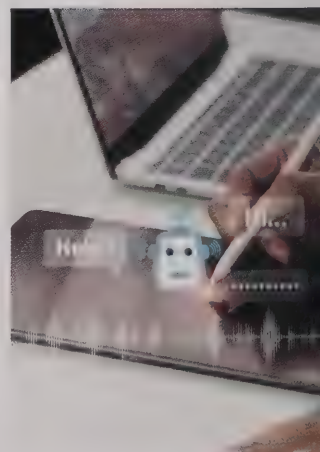

CAN YOU SPELL WINNER? On June 1, 14-year-old Dev Shah won the annual Scripps National Spelling Bee, correctly spelling "psammophile" for the title. Among the words Shah was challenged with were "schistorrhachis," "aegagrus" and "bathypitometer," which are unknown and unpronounceable to many. After his win, Shah got to ring the NASDAQ closing bell and appeared on "Live with Kelly and Mark" on his media tour. **EVERYBODY, HOP IN.** The official release of the Tesla Cybertruck happened in November with the new electric vehicle sporting a triangular body made of stainless steel. This car model showed promise for growth in the electric vehicle realm with leading technology. The first Cybertruck's starting price was \$610,000 — a big price tag for Elon Musk's newest innovation.

AI IN 2023 ALL IN FOR ARTIFICIAL INTELLIGENCE?

FROM STUDY FLASHCARDS AND CHATGPT-GENERATED ESSAYS TO MUSIC FEATURING THE VOICES OF BIG STARS, AI IS EVERYWHERE.

AI DEVELOPMENTS showed the power of new technology to be interwoven in our lives. Apps such as Siri, Face ID or Google Maps used AI to make accessibility easier. It became especially prominent in teen lives, where websites like Quizlet and ChatGPT used AI to help students study or generate content for essays and papers with a prompt or guidance from the user. Not to mention, AI was integrated into social media apps, from TikTok's infamous camera filters to AI messaging on Snapchat.

SKYWATCHING

MARS, MOON, VENUS CONJUNCTION.

In June, skywatchers could see the two planets aligned with the moon creating a triangle in the night sky that was bright enough to see with the naked eye.

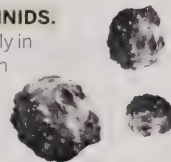

SUPER BLUE MOON.

Two full moons graced the sky on Aug. 13 and 31. The Super Blue Moon on the last day appeared bigger and brighter.

PERSEIDS AND GEMINIDS.

Meteor showers fell clearly in the skies above the Northern Hemisphere twice this year: the Perseids in August and the Geminids in December.

THE ANNULAR SOLAR ECLIPSE

occurred on Oct. 14, prompting people in the U.S. to put on their viewing glasses and admire the ring of fire in the sky. Unlike in a total solar eclipse, the moon doesn't completely cover the sun and results in a bright ring around the moon as they align.

SCIENCE & ACADEMIA

EVERYTHING FROM UNDER, IN AND BEYOND THE SKY

MAN ON THE MOON. This year was the year for India's biggest space exploration endeavor yet: to land on the moon. And that they did. On Aug. 23, lunar lander Chandrayaan-3, landed on the moon's surface on the south pole region, marking India as the fourth nation to touch the moon. With this accomplishment, the country became among those who lead in the international competition of space exploration. **EVER WANTED TO GO TO SPACE?** So did the Virgin Galactic team, and they made it happen on Aug. 7 when they boarded the VSS

Unity to suborbital space. From where they were, passengers were able to see the curvature of the Earth, feel weightlessness in space and experience three Gs of force in air. **HEADS AND EYES UP.** On April 8, a total solar eclipse passed over North America — crossing Mexico, the United States and Canada. A total solar eclipse happens when the Moon moves between the Sun and Earth, fully blocking the Sun's face and darkening the sky like the transition from dawn to dusk. The duration was estimated to be up to 4 minutes and 27 seconds.

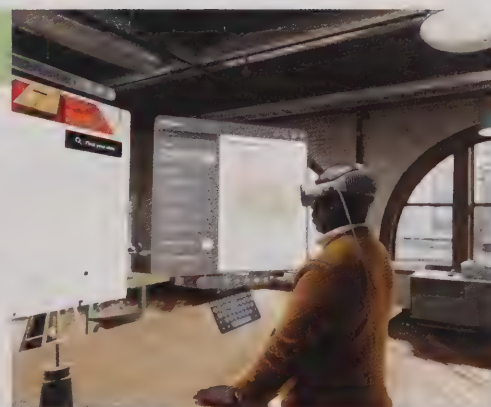

THE PUERTO RICAN RAPPER WASN'T A FAN OF THE AI-GENERATED SONG USING HIS VOICE THAT WENT VIRAL.

BAD BUNNY, MAD BUNNY

"OJITOS LINDOS" SINGER BAD BUNNY was one of many artists whose voice was recreated using AI. He openly voiced his anger and concern about AI-produced music. More artists, including Drake and The Weeknd, were mixed into an AI-generated song called "Heart On My Sleeve," which also went viral on TikTok within hours.

IS THIS THE REAL LIFE? IS THIS JUST FANTASY?

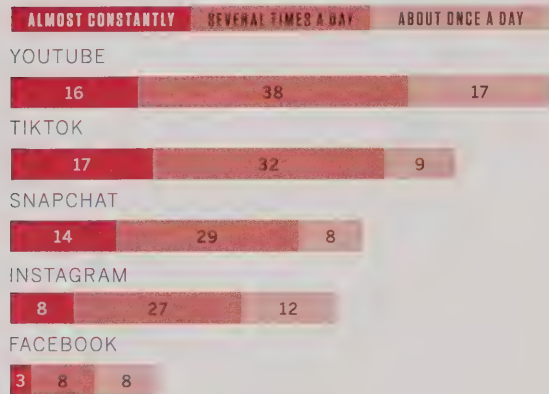

APPLE REVEALED the newest addition to the Apple Ecosystem. Vision Pro, a mixed reality headset was available for pre-orders beginning in January 2024. Advertised to be more than just your regular VR headset, it came with features that allowed users to blend digital content with physical space. "A spacial computer," Apple called it. The headset displayed augmented reality content like programs and keyboards overlaid onto your physical world using cameras to map out your surroundings with Apple's first 3D camera. The device was said to retail for approximately \$3,500 during its initial release.

IN AN AGE OF INNOVATION, social media expanded constantly and saw the downfall of some apps overtime. This year, Elon Musk's \$44 billion purchase of Twitter led to the renaming and rebranding of the app into "X" in July 2023. Since the fall of Twitter, X hasn't been able to keep the same hype, causing the app that once dominated the internet to lose value quickly. According to Fidelity, X was worth 71 percent less than it was at its peak. Instagram took advantage of this by introducing the app Threads, which became one of the most downloaded apps of 2023.

"WE TAKE CHALLENGE SERIOUSLY," the crowds said at each stop of Beyoncé's Renaissance tour. The viral "mute challenge" came from the iconic lyrics in her song "Energy" — challenging audiences to stay quiet and compete for which city did it best. Members of her fanbase printed handouts to show their commitment. In the end, Beyoncé declared her hometown of Houston as the winner. **DIDN'T GET THE MEMO.** Hailey and Justin Bieber stepped out for a donut run before the Rhode launch party in August. Both headed to the same destination with notably different outfit vibes: Hailey in a red dress and Justin sporting Crocs and a cap over his hoodie. The odd fits made their way around social media just in time for Halloween where it became a trendy last-minute couples costume.

IS SNAPCHAT OUT? WHAT'S NEW? THESE APPS COMPETED FOR THE TITLE OF THE APP YOU HAD TO BE ON.

BEREAL

"YOUR FRIENDS FOR REAL"

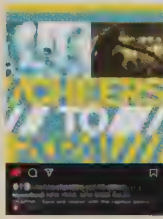

Did you take your pic when you got the notification? BeReal went viral and continued to be one of the most popular apps for its push for real-time photo capturing.

LAPSE

"FRIENDS NOT FOLLOWERS"

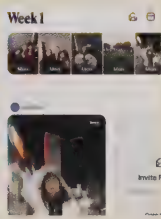

New to the charts was Lapse, a darkroom app where you had to invite friends before using it. Then you took photos on a digital roll and waited for them to develop!

INSTAGRAM

GOING STRONG AMONG ALL

Combining the best of Snapchat, Twitter and TikTok with new updates like Threads, AI-generated backgrounds and IG shops, it didn't seem like Instagram was going anywhere soon.

RETRO

"YOUR FRIENDS, WEEK TO WEEK"

Made by former Instagram employees, Retro was a photo album to share and see a recap of your friends' week. Retro creators wanted to bring back the simplicity of sharing photos.

INFLUENCE THE RUNWAY. Content creators Alix Earle, Dixie D'Amelio and Meredith Duxbury made multiple appearances during fashion week. As more influencers attended events like award shows and galas, their attendance made waves among younger crowds — spreading high-end fashion to all.

GRIMACE, one of McDonald's mascots, was honored with his own purple shake for his 52nd birthday. The viral dessert, made of vanilla soft serve and berry flavors, made its way to TikTok where the "Grimace Shake Incident" became a trend. Users joked in videos wishing Grimace a happy birthday by drinking the shake, then falling asleep and waking up in weird places covered in purple berry juice. The #GrimaceShake trend had more than one billion views and ended with the discontinuation of the limited treat in July.

DID YOU KNOW? Grimace's uncle, **Uncle O'Grimacey**, brings Shamrock Shakes to McDonald's every year.

STARS WHO SHINE

AMONG THE MEMES AND TRENDS, THERE WERE INFLUENCERS WHO USED THEIR PLATFORM FOR GOOD.

KEITH LEE @KEITH_LEE125

HEARD of the "Keith Lee Effect?" Lee used his honest TikTok reviews to bring customers to quiet or struggling businesses with great food. Many restaurants found themselves with long lines and orders after his visit.

MR. BEAST DONALDSON @MRBEAST

KNOWN for his elaborate challenge videos, Mr. Beast was the most subscribed YouTuber with many charities including #TeamTrees. The project surpassed its goal of raising \$20 million to plant 20 million trees.

RYAN PETERS @PETERSPASTA

DOUBLE it and give it to the next person means more to Peters. Known for his homemade pasta where the amount of eggs doubles each time, he donated the results of his batches made from more than 10,000 eggs

LIGHTING MATTERS

LED LIGHT STRIPS and sunset lamps took TikTok viewers by storm and were sold all over Amazon, Shein, Temu and even the TikTok shop. Ambient lighting in comfy spaces was a big deal. And for many, sunsets and LED's set the mood and amplified the aesthetic. Post-worthy!

TRENDS

ALL THE MUST HAVES AND MUST DO'S

APPLE 15 VERSUS SAMSUNG GALAXY S23

RIVALRY BETWEEN APPLE AND ANDROID continued as both brands released new models of their most popular phones in 2023. With similar size, weight and price, the biggest difference was found in the lenses of each phone's camera.

WHAT SIDE ARE YOU ON?

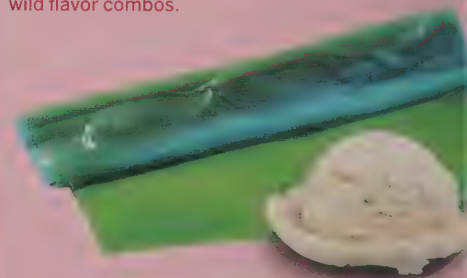

HEADPHONES, AIRPODS OR WIRED EARBUDS?

With all the options, it depended on the type of experience you wanted. Want to listening to your favorite songs in daylight, and keep it as a full-time your choice? We know, how you?

CRAZY FOOD COMBOS

TIKTOK TRENDS DIDN'T STOP at skincare or dance challenges. TikTokers also had unique recipes to share that sometimes made headlines for their creativity and wild flavor combos.

HASH BROWN ICE CREAM SANDWICH.

Not currently on the McDonald's menu but it could've been after this hack went viral. A McFlurry or vanilla ice cream smashed between two warm hash browns was the perfect treat that balanced sweet and savory flavors and provided a satisfying crunch with a smooth cream filling.

WHERE DO YOU SHOP?

WHILE LUXURY BRANDS SHOWCASED trending styles, thrift stores were still one of the most popular places to shop for their fair prices, vintage styles and environmentally friendly practices.

WITH THE GROWING POPULARITY of skincare and makeup on social media, shops like Sephora and Ulta that carried viral products, including Drunk Elephant bronzing drops and Rare Beauty liquid blushes, became a regular stop for many, including younger shoppers.

COTTAGE CHEESE.

An interesting ingredient to go viral, but proved its worth to doubtful viewers when combined with eggs and mustard or even turned into healthy ice cream.

ICE CREAM FRUIT ROLL UPS.

Two ingredients, one fantastic snack. Ice cream was smeared between sheets of gummy fruit snacks and frozen, and the result was a cool and crunchy dessert that was easy to make and fun to eat. Just don't tell your dentist.

AI-GENERATED FILTERS

AI FILTERS AND CONTENT were all the rage with social media making it easy for anyone to transform themselves into a custom Barbie poster, an older version of themselves or even throw it back to 90s-style yearbook portraits complete with props and backdrops.

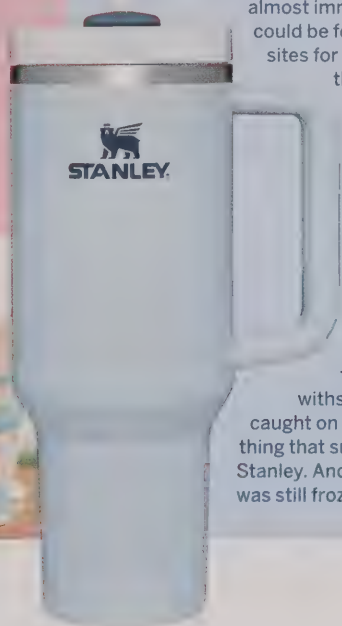

DID YOU ACTUALLY GO?

MERCH OR IT DIDN'T HAPPEN. With every concert tour came multiple booths of artist merchandise that fans had to get their hands on. Lines for merch sales were sometimes even longer than the line to enter the concert venue, but the memorabilia from a one-of-a-kind experience was worth it to devoted fans.

STANLEY IS LIFE

WELCOME TO #WATERTOK

where it was all about Stanleys, Hydros, Owalas and the occasional Gatorade Pod. It was hard to miss out on the Stanley craze that took over social media. The oversized tumblers promoted a fashionable way to hydrate and quickly became a collector's item with the release of multiple color combos. Limited edition colors sold out in stores and online almost immediately — and could be found on resale sites for more than double the original price. Did you get one?

BUILT TO LAST, Stanleys were durable. One TikTok user showed viewers just how much the tumbler could withstand when her car caught on fire and the only thing that survived was her Stanley. And, the ice inside was still frozen.
